A Wrapper of knitr::include_graphics

Dealing with URL and Invalid File Type Inputs

*Yongfu Liao*

2019-03-01

```r
library(linguisticsdown)
```

Passing URL to path

```r
png_url <- 'https://commonmark.org/images/markdown-mark.png'
gif_url <- 'https://media.giphy.com/media/k3dcUPvxuNpK/giphy.gif'
```
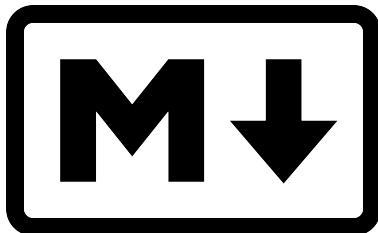

PNG

```r
include_graphics2(png_url)
```

GIF without alt_path

```r
include_graphics2(gif_url)
```

View gif at https://media.giphy.com/media/k3dcUPvxuNpK/giphy.gif

**GIF with alt_path**

```r
include_graphics2(gif_url, png_url)
```

Passing Local Figures to `path`

JPG

```
include_graphics2('Darwin.jpg')
```

Local GIF without `alt_path`

```
include_graphics2('local.gif')
```

View gif at local.gif

Local GIF with `alt_path`

```
include_graphics2('local.gif', 'local_gif_static.png')
```
